**Comment:**a. 11th Inf Div

Col PALERA, the new<sup>CO</sup> of the division, has so far been carried  
as CO of the 2d Inf Brig. The locations of the 11th,  
18th and 35th Inf Regts correspond with previous infor-  
mation. The list of component units of the 11th Inf Div  
is incomplete since the 2d Arty Regt, the 252d AF Arty Bn  
and the 64th Inf Bn definitely belonging to the division,  
were omitted.

b. 11th Inf Regt

The following hitherto unsubstantiated changes in the organization of the 11th Inf Regt were noted:

Newly activated repair shop platoon of the headquarters company. Organization of the technical company into signal and engineer platoons. The composition of the regimental artillery was not stated. The regiment so far has one AT, one infantry gun and one mortar company.

It is still not known whether the regiment includes a replacement training battalion. Many officers have been exchanged, as indicated by comparison with pertinent information of the Summer of 1949.

A deserter reported in March 1949 that the III Bn, commanded by Maj NOSEK, was stationed in PISCK. More credence is given the deserter's statement than to the report stating that the II Bn, commanded by Maj NOSEK, was located in PISCK.

c. 2d Inf Brig

The report essentially confirms previous data on the disposition and organization of the 2d Inf Brig. The infantry battalions in NYRSKO and KASPERSKA HORY are believed to be the 23rd and 25th Inf Bn, respectively. Information of October 1948 indicates that the 25th Inf Bn also belongs to the 2d Inf Brig. This battalion had been confirmed in KLATOVY in March 1949.
